

# Health and Safety – General Policy

Considerations from the legal team:

*Ultimately the employer is accountable for health and safety and therefore cannot delegate health and safety duties. It can require staff to cooperate with them and to follow what they are told, but it cannot delegate a duty. There is no problem asking staff to do something e.g. a risk assessment, which is part of the policy, but it remains the employer's duty to ensure it's done and that it's suitable and sufficient. It would not be a defence to a nursery if a member of staff did not undertake, for example, a risk assessment. The employer must therefore have a system in place to ensure such things are done.*

At Curdworth Pre-school we provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees and a safe early learning environment in which children learn and are cared for. To develop and promote a strong health and safety culture within the nursery for the benefit of all staff, children and parents, we provide information, training and supervision. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

The allocation of duties for safety matters and the particular arrangements which we will make to implement our health and safety procedures are set out within this policy and we make sufficient resources available to provide a safe environment.

## Legal framework

We follow all relevant legislation and associated guidance relating to health and safety within the nursery including:

- The requirements of the Statutory Framework for the Early Years Foundation Stage (EYFS) 2014
- The regulations of the Health & Safety at Work Act 1974 and any other relevant legislation such as Control Of Substances Hazardous to Health Regulation (COSHH)
- Any guidance provided by Public Health England, the local health protection unit, the local authority environmental health department, fire authority or the Health and Safety Executive.

## Aims and objectives

The aim of this policy statement is to ensure that all reasonably practical steps are taken to ensure the health, safety and welfare of all persons using the premises.

To achieve this we will actively work towards the following objectives:

- Establish and maintain a safe and healthy environment throughout the nursery including outdoor spaces
- Establish and maintain safe working practices amongst staff and children
- Make arrangements for ensuring safety and the minimising of risks to health in connection with the use, handling, storage and transport of hazardous articles and substances

- Ensure the provision of sufficient information, instruction and supervision to enable all people working in or using the nursery to avoid hazards and contribute positively to their own health and safety and to ensure that staff have access to regular health and safety training
- Maintain a healthy and safe nursery with safe entry and exit routes
- Formulate effective procedures for use in case of fire and other emergencies and for evacuating the nursery premises. Practice this procedure on a regular basis to enable the safe and speedy evacuation of the nursery
- Maintain a safe working environment for pregnant workers or for workers who have recently given birth, including undertaking appropriate risk assessments
- Maintain a safe environment for those with special educational needs and disabilities and ensure all areas of the nursery are accessible (wherever practicable)
- Provide a safe environment for students or trainees to learn in
- Encourage all staff, visitors and parents to report any unsafe working practices or areas to ensure immediate response by the management.

We believe the risks in the nursery environment are low and we will maintain the maximum protection for children, staff and parents. The nursery will:

- Ensure all entrances and exits from the building, including fire exits are clearly identifiable and remain clear at all times
- Regularly check the premises room by room for structural defects, worn fixtures and fittings or electrical equipment and take the necessary remedial action
- Ensure that all staff, visitors, parents and children are aware of the fire procedures and regular fire drills are carried out
- Have the appropriate fire detection and control equipment which is checked regularly to make sure it is in working order
- Ensure that all members of staff are aware of the procedure to follow in case of accidents for staff, visitors and children
- Ensure that all members of staff take all reasonable action to control the spread of infectious diseases and wear protective gloves and clothing where appropriate
- Ensure there are suitable hygienic changing facilities (see infection control policy)
- Prohibit smoking on the nursery premises
- Prohibit any contractor from working on the premises without prior discussion with the officer in charge
- Encourage children to manage risks safely and prohibit running inside the premises unless in designated areas
- Risk assess all electrical sockets and take appropriate measures to reduce risks where necessary and ensure no trailing wires are left around the nursery
- Ensure all cleaning materials are placed out of the reach of children and kept in their original containers
- Wear protective clothing when cooking or serving food
- Prohibit certain foods that may relate to children's allergies, e.g. peanuts are not allowed in the nursery
- We follow the EU Food Information for Food Consumers Regulations (EU FIC). These rules are enforced in the UK by the Food Information Regulations 2014 (FIR). We identify the 14 allergens listed by EU Law that we use as

ingredients in any of the dishes we provide to children and ensure that all parents are informed

- Follow the allergies and allergic reactions policy for children who have allergies
- Ensure risk assessments are undertaken on the storage and preparation of food produce within the nursery
- Familiarise all staff and visitors with the position of the first aid boxes and ensure all know who the appointed first aiders are
- Provide appropriately stocked first aid boxes and check their contents regularly
- Ensure children are supervised at all times
- Ensure no student or volunteer is left unsupervised at any time.

### **Responsibilities**

The designated Health and Safety Officer in the nursery is **Stacey Hobbs**

The employer has overall and final responsibility for this policy being carried out at:  
**Curdworth Pre-school, St. Nicholas Church Hall, Glebe Fields, Curdworth, North Warwickshire. B76 9ES**

The nursery manager/deputy nursery manager will be responsible in his/her absence.

All employees have the responsibility to cooperate with senior staff and the manager to achieve a healthy and safe nursery and to take reasonable care of themselves and others. Neglect of health and safety regulations/duties will be regarded as a disciplinary matter (see separate policy on disciplinary procedures).

Whenever a member of staff notices a health or safety problem which they are not able to rectify, they must immediately report it to the appropriate person named above. Parents and visitors are requested to report any concerns they may have to the **Stacey Hobbs**.

Daily contact, monthly staff meetings and health and safety meetings provide consultation between management and employees. This will include health and safety matters.

### **Health and safety training**

Person responsible for monitoring staff training is **Stacey Hobbs**.

Health and safety is covered in all induction training for new staff.

## **Healthy Workplace**

At Curdworth Pre-school we are committed to providing a workplace which supports and encourages a healthy staff team through staff training, health and safety awareness and supervisions.

### **Dress code**

Staff must follow our dress code at all times. The Dress Code for our staff is black trousers of their own and a Curdworth Pre-school blue fleece provided by Pre-school.

### **Personal hygiene**

Staff must follow the personal hygiene code at all times and encourage children to adopt the same good personal hygiene code themselves.

All hands must be washed before handling food, after using the toilet or toileting children, after playing outside, wiping noses, messy play activities and after contact with animals.

After noses have been wiped the tissue must be disposed of hygienically and hands should be washed.

### **Cleaning**

The nursery is committed to providing a safe, happy and healthy environment for children to play, grow and learn. Cleanliness is an essential element of this practice. The nursery will be cleaned daily and regular checks will be made to the bathrooms. These will be cleaned at least daily (more if necessary i.e. at lunch time). The nappy changing facility will be cleaned after every use and potties will be cleaned out after every use. Any mess caused throughout the day will be cleaned up as necessary to ensure that a hygienic environment is provided for the children in our care.

### **Kitchen**

Staff are made aware of the basic food hygiene standards through appropriate training and this is reviewed every three years.

- Microwave to be cleaned after every use
- All cupboards to be cleaned out monthly
- All food to be covered at all times in and out of the fridge and dated to show when each product was opened
- Care must be taken to ensure that food is correctly stored in fridges
- When re-heating food, it should be over 75°C, checked with the probe thermometer and recorded, then cooled down before serving. Food prepared on the premises must be checked with the probe thermometer before serving
- All opened packets to be dated when opened and placed in an airtight container e.g. baby food, raisins, cereal etc.
- Blended food should be placed in suitable airtight containers, named and dated
- Surfaces to be cleaned with anti-bacterial spray
- Only appropriate coloured kitchen cloths to be used. These must be washed daily on a hot wash

- Windows protected by fly guards to be opened as often as possible along with the vents
- All plugs to be pulled out of their sockets at the end of each day and switches switched off where practicable.
- Children must NOT enter the kitchen except for supervised cooking activities
- Doors/gates to the kitchen to be kept closed/locked at all times.

### **Pre-school**

- Staff must be aware of general hygiene in the nursery and ensure that high standards are kept at all times
- Regular toy washing rotas must be established in all rooms and recorded. Toys should be washed with sanitising fluid
- Floors should be cleaned during the day when necessary. Vacuum cleaner bags (where used) should be changed frequently
- Staff are requested to use the appropriate coloured mop for the task or area and mop heads should be washed in a separate wash at least weekly
- Face cloths should be washed on a hot wash after every use and not shared between children
- Low/high chairs must be cleaned thoroughly after every use. Straps and reins must be washed weekly or as required
- Every child should have its own cot sheet which should be washed at the end of every week or whenever necessary
- All surfaces should be kept clean and clutter free
- Children must always be reminded to wash their hands after using the bathroom and before meals. Staff should always encourage good hygiene standards, for example, not eating food that has fallen on the floor
- Children should learn about good hygiene routines and why they need to wash their hands, wipe their noses and cover their mouths when coughing.

### **Training table:**

<b>Area</b>	<b>Training required</b>	<b>Who</b>
Paediatric First aid	Course	All staff
Dealing with blood	In house training/course	All staff
Safeguarding/Child protection	In house training/course	All staff
Risk assessment	In house training/course	All staff
Fire safety procedures	In house training	All staff
Use of fire extinguisher	In house training/course	All staff
Food hygiene	In house training/course	All staff
Allergy awareness	In house training/course	All staff
Manual handling	In house training/course	All staff

Stress awareness and management	In house training/course	All staff
Changing of nappies	In house training	All staff
Fire warden duties	External course	Fire Warden
Medication requiring technical or medical knowledge e.g. Epi Pen	External course	As required
SENCO	External course	Wendy Kelly
Supervision and appraisal	External course	Stacey Hobbs

At present at least one member of staff on duty MUST hold a full paediatric First Aid certificate in the nursery and when on outings although this will be extended following the minister's announcement. We envisage a change to the EYFS in 2017. NDNA has developed a number of resources (case studies, video case studies and a tool kit and guidance to help settings and has been successful in securing a contract to deliver Millie's Mark. For more information please visit [www.milliesmark.com](http://www.milliesmark.com)

All trained first aiders must be listed in the first aid policy.

### **Health and safety arrangements**

- All staff are responsible for general health and safety in the nursery
- Risk assessments will be conducted on all areas of the nursery, including rooms, activities, outdoor areas, resources and cleaning equipment
- These are reviewed at regular intervals and when arrangements change
- All outings away from the nursery (however short) will include a prior risk assessment – more details are included in our outings policy
- All equipment, rooms and outdoor areas will be checked thoroughly by staff before children access them or the area. These checks will be recorded and initialled by the staff responsible. Unsafe areas will be made safe/removed from the area by this member of staff to promote the safety of children. If this cannot be achieved the manager will be notified immediately
- We provide appropriate facilities for all children, staff, parents and visitors to receive a warm welcome and provide for their basic care needs, e.g. easy to access toilet area and fresh drinking water
- The nursery will adhere to the Control Of Substances Hazardous to Health Regulation (COSHH) to ensure all children, staff, parents and visitors are safe in relation to any chemicals we may use on the premises
- All staff and students will receive appropriate training in all areas of health and safety which will include risk assessments, manual handling and fire safety. We may also use benefit risk assessments for particular activities and resources for children
- We have a clear accident and first aid policy to follow in the case of any person in the nursery suffering injury from an accident or incident
- We have a clear fire safety policy and procedure which supports the prevention of fire and the safe evacuation of all persons in the nursery. This is to be shared with all staff, students, parents and visitors to the nursery

- We review accident and incident records to identify any patterns/hazardous areas
- All health and safety matters are reviewed informally on an ongoing basis and formally every six months or when something changes. Staff and parents will receive these updates, as with all policy changes, as and when they happen
- Staff and parents are able to contribute to any policy through the suggestion scheme and during the regular meetings held at nursery.

The policy is kept up to date and reviewed especially when the nursery changes in nature and size. It is revised annually, or as and when required. We therefore welcome any useful comments from members of staff, parents and visitors regarding this policy.
